Reply to Notice of Incomplete Reply

Commissioner for Patents
Washington, D.C. 20231

Sir:

In reply to the Notice of Incomplete Reply dated August 31, 2001, Applicant submits that the Notice of Incomplete Reply stating a requirement for substitute drawings was issued in error.

In a September 6, 2001, telephone conversation with the Office of Initial Patent Examination, the undersigned was informed that, according to the U.S. Patent and Trademark Office database, the formal drawings filed in response to the Notice to File Corrected Application Papers on July 23, 2001, had not yet been matched up with the file. The undersigned was then instructed to submit copies of the papers previously filed in response to the Notice to File Corrected Application Papers as proof that the drawing requirement has already been met. Applicant therefore submits concurrently herewith copies of all documents filed on July 23, 2001.

Applicants believe the issuance of the Notice of Incomplete Reply was a U.S. Patent and Trademark Office mistake and therefore the payment of extension fees is not required.

Respectfully submitted,
